Occupational Health:  
Nurse Practitioner/ Physician Assistant

Per Diem Position

A per diem opportunity is now available for an experienced New York State licensed Nurse Practitioner in a hospital employed position in our Occupational Health office located in Ellis Hospital. The Nurse Practitioner functions as a generalist provider to employees without discrimination to age or gender in a collaborative relationship with the Medical Director of Occupational Health using agreed upon protocols. Through expert nursing skill in a broad scope of services, this person is a leader in the clinical management of employees in the occupational health setting. Beginning with the first encounter, the Nurse Practitioner provides identification, management, and or referral of actual and potential problems and strives for the achievement of health maintenance and wellness. Continuity is maintained over time.

Position Highlights:
- Provide new hire physicals, workers comp, and DOT/Hazmat and Fire fighter physicals
- Strong Surgical, Medical and Subspecialty support
- Office hours: Monday –Friday, 8:00a – 4:30p

Compensation:
