Child and Adolescent Psychiatrist

Full-Time Position

Hospital-employed full-time opportunity with leadership responsibilities is now available for a Board Certified/Eligible Child and Adolescent psychiatrist in a community hospital-based practice located in the Capital District of New York (Schenectady) – minutes from Albany. Central location, just a few hours to NYC, Boston, and Montreal.

Our Department of Psychiatry includes: one 16-bed child and adolescent unit, two 18-bed adult psychiatric units, one 8-bed crisis unit, adult outpatient clinic, PROS program, and a child/adolescent outpatient clinic. Our multidisciplinary team includes social workers, nurses, supportive and intensive case managers. Strong integration with medical providers.

Position Highlights
- Clinical caseload: average 8 IP patients/day and 6 OP patients every other day
- Participation in consultation liaison
- Participation in weeknight (1 in 14) and paid weekend crisis/inpatient unit coverage
- Providers include an experienced child and adolescent psychiatrist and psychiatric NP

Compensation
- Competitive salary
- Additional weekend coverage compensation
- Potential sign-on bonus
- Includes production incentive bonus up to 10% of base pay
- Board certification stipend

Other Benefits:
- License and DEA renewals reimbursement
- Relocation Stipend
- Malpractice (Occurrence) Insurance
- Medical, Dental, Life, Disability Insurance Plans
- CME Stipend $4,000 per year with up to 5 days
- 403(b) TSA & 457 qualified deferred compensation plan retirement programs

About Our Community:
- Medium-sized city with suburban surroundings
- Pleasant environment
- Numerous recreational, educational, and cultural opportunities
- Near Saratoga Springs, Lake George, Vermont skiing, Adirondack State Park
- Affordable housing, excellent schools
